

# Anything Is Possible

Words and Music by: Cameron Moten

## Lyrics:

Pictures in galleries  
The greatest of the great  
One day I'll be there too  
And I can hardly wait

I'll change the world, I'll be the best  
I'll put my courage to the test  
And one day they'll see

**Anything is possible**  
**There's nothing we can't do**  
**We can be unstoppable**  
**With courage shining through**  
**We'll find a way, everyday**  
**Each moment is brand new**  
**Anything is Possible**  
**For me and you**

Inch by inch and day by day  
I'm closer to my dream  
But moving forward instead of back  
Is harder it seems

I'll wear the crown, I'll touch the sky  
I'll spread my wings, take off, and fly  
And one day they'll see

**Anything is possible**  
**There's nothing we can't do**  
**We can be unstoppable**  
**With courage shining through**  
**We'll find a way, everyday**  
**Each moment is brand new**  
**Anything is Possible**  
**For me and you**

*Endless possibilities*  
*Standing right in front of me*  
*Endless possibilities*  
*Standing right in front of me*

**Anything is possible**  
**There's nothing we can't do**

**We can be unstoppable  
With courage shining through  
We'll find a way, everyday  
Each moment is brand new  
Anything is Possible  
For me and you  
For me and you**
