

Feel The Music

Words and Music by: Cameron Moten
Lyrics:

You are brave
And you are strong
When life gets tough
You have a song
Take it wherever you go
Let it remind you
Just who you are

**Close your eyes,
Feel the music as you come alive
Be the person that you are inside,
Let the music give you hope
And free your soul
Don't ever let go**

Your beating heart
Your inner song
It's who you are
So sing along
And don't you ever let go
Of what is inside you
It's who you are

**Close your eyes,
Feel the music as you come alive
Be the person that you are inside,
Let the music give you hope
And free your soul
Don't ever let go**

*Feel the music
Feel the music
Feel the music
Deep inside your heart (4x)*

**Close your eyes,
Feel the music as you come alive
Be the person that you are inside,
Let the music give you hope
And free your soul
Don't ever let go (2x)**
